Advancing a Healthier Wisconsin Research and Education Program (AHW REP)

Purpose

The AHW REP has revised its recruitment expense policy. The revised recruitment expense policy is provided below.

AHW does not consider faculty recruitment expenses as allowable costs on AHW awards. These unallowable costs include, but are not limited to: relocation expenses, faculty recruitment search and marketing expenses, visas, bonuses, and entertaining expenses to help secure faculty recruitments. This decision was made to ensure that AHW REP investments are concentrated on development of AHW programs.
